

SALVATORE PRESS IS PROUD TO PRESENT

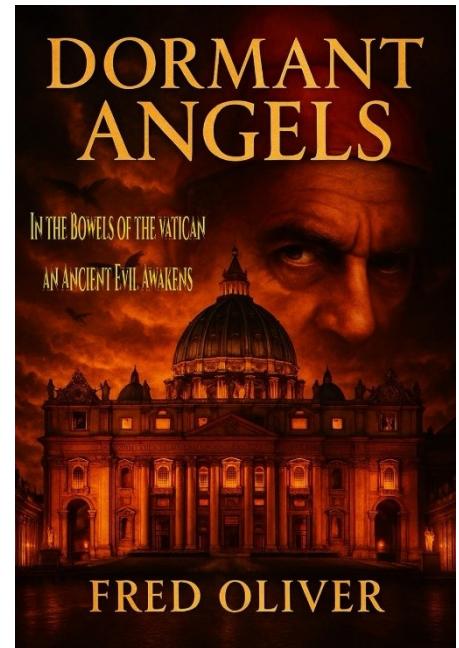

# DORMANT ANGELS

A Thriller of Ancient Rituals, Modern Chaos,  
And the Race to Save Humanity

By Fred Oliver

## ABOUT THE BOOK

When archaeologist Albert Whitfield uncovers five copper tablets beneath Jerusalem's Temple Mount, he awakens a force of unspeakable evil. As global disasters erupt and religious tensions escalate, Whitfield must decode the tablets and unite three holy men to perform a ritual that could save humanity from the Dormant Angels—a demonic power long buried but now rising. From Vatican archives to Roman catacombs, *Dormant Angels* blends supernatural mystery, historical intrigue, and geopolitical urgency. Inspired by Dan Brown's *Angels & Demons*, this thriller explores the collision of faith, science, and destiny in a world on the brink.

## INTERVIEW TALKING POINTS

- Sacred relics and spiritual warfare
- The psychology of belief under crisis
- Western frontier legacy in U.S. assertiveness
- Real-world inspirations
- Multimedia storytelling and accessibility in thriller fiction
- Ancient prophecy meets modern geopolitics

## ABOUT THE AUTHOR

Fred Oliver never expected to become a writer, especially in his sixties! His debut novel, *Dormant Angels*, brings together the influence of a multitude of elements from his personal and professional life. His travels throughout Europe and the Middle East have impressed in him how international events affect us all. *Dormant Angels*, no doubt, will be the subject of intellectual and spiritual debate.
